## PUBLIC NOTICE

On June 8, 1992, the Federal Communications Commission published a hearing designation order for the applications of Uhuru Communications, Inc., for renewal of license of Station WUCI-FM, Channel 218A, Binghamton, New York and the applications of WSKG Public Telecommunications Council and Arrowhead Christian Center for construction permits for a new noncommercial educational station on Channel 218A at Binghamton, New York.

The hearing will be held before Administrative Law Judge Arthur I. Steinberg, of the Federal Communications Commission, at 2000 L Street, N.W., Washington, D.C., and is scheduled to commence on November 2, 1992 at 10:00 a.m.

The application of Uhuru Communications, Inc. for renewal of its license to operate its station in the public interest was tendered for filing with the Federal Communications Commission on January 30, 1991. After considering this application, the FCC has determined that it is necessary to hold a hearing to decide the following issues:

1. To determine whether Uhuru has violated 47 C.F.R. §§ 73.1740 and/or 73.1750, and in light of the evidence adduced, whether Uhuru is qualified to be and remain a licensee of the Commission.

2. To determine whether WSKG has reasonable assurance of the availability of its proposed transmitter site.

3. If a final environmental impact statement is issued with respect to Uhuru, WSKG and Arrowhead in which it is concluded that the proposed facilities are likely to have an adverse effect on the quality of the environment, to determine whether the proposals are consistent with the National Environmental Policy Act as implemented by 47 C.F.R.

arrangement among the applicants would result in the most effective use of the channel and thus better serve the public interest, and, if so, the terms and conditions thereof; (b) the extent to which each of the proposed operations will be integrated into the overall cultural and educational operations and objectives of the respective applicants; and (c) whether other factors in the record demonstrate that one applicant will provide a superior FM educational broadcast service.

5. To determine, in light of the evidence adduced pursuant to the specified issues, which of the applications should be granted, if any.

Members of the public who desire to give evidence concerning the foregoing issued should write to the Federal Communications Commission, Washington, D.C. 20554, not later than July 11, 1992. Letters should set forth in detail the specific facts concerning which the writer wishes to give evidence. If the FCC believes that the evidence is legally competent, material and relevant to the issues, it will contact the person in question.

Copies of WSKG Public Telecommunications Council's application, amendments thereto and related materials are available for public inspection during regular business hours at:

Twining, Nemis & Steflik  
53 Front Street  
Binghamton, NY 13905
